

# Commercial Student Analyst position with potentially a full-time offer after graduation

Are you among the top students in your class and do you want to challenge yourself in an international commodity trading environment? Then this is your chance to join a start-up owned by Maersk and have a direct impact on the success and development of the company.

You will join a team of skilled and ambitious analysts and you will be actively engaged in the commercial development of the Company.

If you have the ambition and drive to make a difference, you will hit a steep learning curve, gain your own areas of responsibility, and open a world of opportunities for yourself. For the right candidate and subject to stellar performance, full time employment is on the table after graduation.

## Your responsibilities:

- Supporting the commercial team in sales, trading and lead generation, including analysis and development of business opportunities.
- Contract management and maintenance of commercial systems and processes.
- Drive selected commercial and operational projects from kick-off to delivery.
- Identify areas for improvement and pitch solutions.
- Assist teams with various ad hoc assignments.
- Can work at least 20 hours per week on a flexible schedule.

## Your qualifications

We expect that you:

- Are enrolled in a relevant university level education, preferably within Economy or Business Administration.
- Are among the top students in your class and have initiated or are about to initiate your masters.
- Are well structured with an analytical mindset.
- Have great skills in Excel.
- Have knowledge of VBA, SQL or other programming language.
- Have an excellent command of English, which is our corporate language.

Job start will be as soon as possible. We will be screening candidates on an ongoing basis.
