

## Finance Controller to an international commodity trading company

We are offering a unique opportunity working with both financial controlling, accounting, compliance and risk management in an international oriented commodity trading environment. At Frey we are experiencing rapid growth and we are currently looking for a new full-time colleague with a winning and challenger mindset to support and shape the future of the Finance and Risk department.

As our new Finance Controller you will, in the beginning, contribute to all aspects in the field of financial reporting, risk management, compliance, optimisation of internal processes and implementation of new finance systems. In a foreseeable future you will be taking direct responsibility for the accounting and financial reporting for Frey's new established branches and subsidiaries in the US, Canada, Australia, and Black Sea.

To succeed in the role as our new Finance Controller and move up the career ladder you must thrive in a young and ambitious start-up environment with colleagues across the globe. You must be able to demonstrate ambitions and have a challenger mindset ready to go the extra mile. We expect that you already have a solid theoretical and practical knowledge from previous experiences in finance and accounting (+4 years).

You will be working out of our office in Aarhus, Denmark closely with other departments in operational areas to support the Leadership team in identifying future business potentials, liquidity forecasting and risk exposures of various nature. Together with the Finance and Risk team you will ensure the integrity of Frey's financial information and reporting. You will be reporting directly to the Head of Finance and Risk.

### Your role and responsibilities:

- Solving both complex issues and daily "hands-on" tasks within accounting and finance
- Maintain and develop the financial control environment across Finance and Risk
- Monitor, evaluate and mitigate the company's risk exposure across Finance and Trading
- Oversee various finance projects including helping with the development of the future reporting model for our various new entities
- Ensure proper implementation of financial controls and policies
- Prepare various financial and risk reporting to key stakeholders and Maersk Group in a timely manner
- Assist with various ad hoc assignments within Finance and Risk

### Your skills and qualifications:

- Have +4 years of accounting and financial controlling experience from previous job(s)
- Have great skills in Microsoft Office Suite
- Have an excellent command of English, which is our corporate language
- Can work well independently in an international team environment

### What's next?

Job start will be as soon as possible. We will be screening candidates on an ongoing basis. If you have any questions for the position, please contact Head of Finance & Risk, Lasse Tovgaard for more information ([LTO@freycommodities.com](mailto:LTO@freycommodities.com))

Please send you application, including cover letter and CV, to: [JOB@freycommodities.com](mailto:JOB@freycommodities.com) marked "Finance Controller".
